IMC INSTITUTIONAL
MORTGAGE
CAPITAL

IMC recently sponsored AFOA Canada's National Conference which serves as a national hub for advancing Indigenous management, finance, and governance. By bringing together Indigenous leaders, financial professionals, and key partners, the conference creates space to share knowledge, explore emerging tools, and strengthen leadership and organizational capacity across Indigenous communities.

Bob Fitzpatrick remarked, "AFOA remains an important champion of Indigenous programs and community development. We are honored to support this important work through our sponsorship of AFOA's 24th National Conference."
